Copy No. 1

25X1

7 April 1967

Dear Dave:

STAT

In accordance with a recent telephone conversation between [redacted] and our [redacted] the following changes should be made in our proposal of 14 March 1967 - document number [redacted] paragraph IV-E Evaluation of Tests - sub-paragraph entitled phase II.

25X1

1. "The projected resolution targets and grid will be prepared and read at the equipment site. The resulting accuracy determination will be made by the customer personnel."
2. Delivery date of the instrument and required operating and maintenance manuals will be 9 months from date of contract (or verbal acknowledgement).
3. Installation and calibration of the instrument at the customer's site.

Very truly yours,

[redacted]

Contracts Manager
